

7 November 1969

MEMORANDUM FOR: ABM Committee Members

SUBJECT : Briefing of ABM Study

1. In accordance with Dick Bogosian's suggestion that a briefing be set up for interested members of the organizations that participated in the ABM study, we are making preparations for such a briefing on 25 November from 1000 to 1200. It will be a full-scale briefing, covering the study's origin, methodology, findings, and recommendations. The presentation itself will take about one hour.

2. Please feel free to invite as many as you wish. We would appreciate the names of those who will attend and certification of their clearances. We will let you know the room in which the briefing will be held after we know the number of attendees and can judge the size room needed.

3. This briefing will not preclude special briefings for other persons in your organizations.
